PostBase^{mini}

ECONOMICAL MEETS BEST-IN-CLASS TECHNOLOGY

Introducing the FP PostBase mini, the perfect compact mailing system for small businesses. Enjoy smooth, reliable postage imprinting at up to 20 letters per minute. You won't find a quieter, simpler meter in its class. Learn how PostBase mini can benefit you.

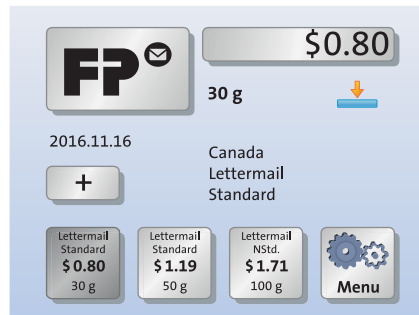

PRESS JUST ONE BUTTON

No more confusion of buttons and switches. Press a single button to open the 3.5" touch-screen.

INTUITIVE OPERATION

Let the 3.5" color touch-screen guide you. Select a product, place letter on the scale and the right postage appears on the screen.

PRECISE WEIGHING

The integrated 2-kg scale weighs with gram-precision to assure the correct postage for every letter and small package.

PLUG & PLAY

Comes with all necessary connections, 2 USB ports for laptop or PC, an ethernet/LAN connection for loading postage and for system updates.

NEW LEVEL OF CHOICE

FP's PostBase brings color choice to a new level. The PostBase mini's 2kg integrated scale comes in five uniquely different colors so you can customize your PostBase to fit your office environment and personal style.
